Dear Mr. Marciante:

This letter is to confirm that it is permissible to use one manifest per day if the following conditions are met:

1. The same waste without any variation is being transported consecutively throughout the day.
2. The driver and the truck remain the same.
3. Each load must be listed.

The new Uniform hazardous waste manifest has 5 different entry places available for completion. Fill in a separate slot each time you transport a load. One manifest can then cover up to 5 shipments per day if the above conditions are fulfilled.

Should you have any questions, feel free to call.

Sincerely,

Cynthia D. Ladage
